CAMP YEISER NOW A THING OF THE PAST

Last Mess Served Today, Tents Taken Down, Troops Ready to Leave.

THE GENERAL OFFICERS ARE ALL WELL PLEASED WITH THEIR VISIT

Third Regiment Leaves at 10 P. M.—Most Successful Encampment Ever Held.

"Camp Yeiser" is practically a thing of the past. At noon today all the tents were struck and the soldiers are waiting to depart for their homes. Their special train leaves tonight at 10 o'clock over the Illinois Central. All depart on this train, but the Mayfield company which leaves this evening at 6:40.

All the telephone and electric light wires were taken down this morning and packing was going on all over the camp. The guard mount was one of the best. The Third had had. On account of everybody being busy preparing to get away the officers' school was called off, also the battalion drill. In fact the only part of the routine performed was guard mount and this evening dress parade will be held at the usual hour, 8:30.

Dinner was the last meal served. Traveling rations were issued to every company but the Mayfield men, who will reach home in time for supper.

Grounds Given General Cleaning.

There was a good rain about 7 o'clock this morning which put the grounds in fine condition for a general cleaning. All sinks have been filled and under Surgeon General McCormack the grounds have been thoroughly disinfected and he stated they are in a great deal better sanitary condition than he found them. Gen. Haly and Col. Gaines also made an inspection of the camp and equipment shortly before noon.

Soldiers Haul Their Little Joke.

About 8 o'clock this morning there was a comical parade conducted through the camp by the signal corps, several soldiers and the regimental band. A cot conveyed by six men contained a large jug all decorated in flowers and was surrounded with empty bottles which had been smuggled into camp. Walking behind the cot of corpses were a number of mourners wearing their ponchos. The band was in the lead playing a funeral march. The scene caused a great deal of amusement.

General Haly to a Sun reporter stated he wanted to compliment the state guards for their good behavior and work they had performed during the encampment and also thank the citizens for their excellent treatment of the officers and privates. He said he had never visited a city where the people were more hospitable and he for one regretted very much to leave.

Sanitation Splendid.

This was the first encampment where Kentucky troops received instruction from non-commissioned officers of the regular army. There was one to each company, and Lieut. D. Y. Beckham, who lectured to the officers. He has been a great source of knowledge for them also. Every officer, regimental, company and general, who expressed himself were of the opinion that the encampment was the most successful in every respect the state has held. The sanitation of the camp has been perfect and was a good lesson for the city officials and citizens in general. Usually at encampment there are many cases of sickness and the cities that fought Paducah for the encampment made prominent the claim that typhoid and malarial abounded here and would claim many soldiers victims. The fact is there has not been a single case of typhoid resulting from local conditions. Two or three men were sent home suffering from the disease, but they came back with it. There has been but few cases of dysentery, which speaks well for Paducah's water. The principal work of the hospital department has been on men prostrated by heat. Such a record is one that Col. A. T. McCormack can refer to with pride. It has probably never been equalled. Before the en-

THE PEACE TREATY IS ABOUT COMPLETE

Will be Ready for Inspection at Next Meeting of Envoys.

An Informal Meeting of the Envoys Was Held at the Hotel This Morning.

BANQUET TO WITTE IN GOTHAM.

Portsmouth, Sept. 2.—A meeting of Japanese and Russian envoys was called for this afternoon to consider and approve a draft of the peace treaty. Instead of going to the navy yard, the plenipotentiaries arranged to hold their session at the hotel.

It is said it will be a mere formality. The envoys have been consulted from time to time by their assistants to whom was entrusted the framing of the treaty.

It is not expected they will find it necessary to make any changes in the text as prescribed by Martin and Denison.

Besides indorsing the draft of the treaty, the envoys at today's meeting will sign the protocol of the session of last Tuesday, when the peace agreement was reached.

China threatens to become troublesome in regard to Japanese occupation of Manchurian territory.

French and English Move.

Treaty is Practically Complete.

Portsmouth, Sept. 2.—The meeting of the treaty formers has adjourned. Dennison, the Japanese counselor, says that a few minor points are yet to be adjusted, but the treaty is practically completed for the inspection of the envoys next meeting.

MAJ. T. E. MOSS DEAD IN FAR AWAY MANILA

Prominent Paducah Jurist Expires Suddenly in Philippines.

LEFT THE CITY IN APRIL ON LONG TRIP TO MANILA FOR HIS HEALTH

Was 65 Years Old and a Kentuckian of the Old School—Remains to be brought Here.

Sad and unexpected news arrived this morning in the form of a telegram from Manila, Philippine Islands, announcing the death there of General Thomas E. Moss, the well known Paducah attorney.

The message was from Mrs. Marie Moss Wheat, Major Moss' daughter, to her brother, Dr. Thomas E. Moss, who left the city only a few days ago for Manila. It simply stated, "Father is dead."

The message was delivered to relatives of the deceased.

General Moss, or "Major" Moss, as he was probably oftener called, left Paducah in April for Manila for his health. He visited Hawaii and other places, and had so far as his friends here knew, been improving in health since his departure from Paducah.

He had been very weak and despondent, however, since the death of his wife, a year or two ago, and his decline was very rapid and very noticeable. Few of his intimate friends when he left Paducah, ever expected to see him alive again.

His last request before he left the city was made in a speech to his old comrades at a Confederate veteran meeting here, when he asked that when he died, his body be buried by his comrades here. It seemed from this that he had a premonition of death, and his friends tried to turn it as a joke and assured him that he would see many more happy years, but he did not appear to be very hopeful.

Hon. Thomas E. Moss was born in Greensburg, Green county, Ky., on the 14th day of March, 1840.

He was reared principally in Hickman county, received his preparatory education in Columbia college, and completed it in a private school in Hickman county.

Having decided on the profession of law, he in 1857 entered the office of Bigger & Thompson, at Paducah, where he pursued his studies until the early part of 1859, when he entered the law department at the University at Louisville, from which he graduated the same year.

He then located in Paducah for practice but soon after became a member of the Second Confederate regiment, C. S. A., and as a private took the field service. Soon after, at Camp Boone, he was made sergeant major of the regiment, a position he filled until promoted to the office of adjutant, which promotion was granted in recognition of his gallantry in the Battle at Fort Donaldson.

In this battle he was made a prisoner of war and held as such until the general exchange, six months later.

At the Battle of Murphreesboro, while leading his command, General Moss was severely wounded and again made a prisoner, and after being held for short periods in minor prisons, was conveyed to Fort Delaware; later while being transferred from this, to a place of greater security, he made a bold and daring escape though at the time unable to walk without the aid of his crutches.

He afterwards rejoined his command and at Hartsville, Tenn., received the surrender of Col. Moore. At the close of the war he returned to Paducah to engage in the practice of his profession, and to find that his choice library had, while in transit to the home of his mother, been intercepted at Cairo and disposed of as best suited the unscrupulous hands into which it had fallen.

He first associated with J. M. Bigger, and at once secured a handsome practice.

He continued a member of the firm of Bigger and Moss, until 1873, when he withdrew to make the canvass for the office of attorney general of Kentucky to which he was elected in 1875, filling this position

Theatrical Notes

Monday—Matinee and night. "A Thoroughbred Tramp."

Manager Roberts has only one attraction for next week. "A Thoroughbred Tramp," Monday matinee and night, but as this is a holiday he should have big houses at both performances. As is the case with all southern play houses, a good many of The Kentucky's best bookings for early in the season are indefinite on account of the yellow fever scare, the companies being afraid to come south.

At the termination of the performance of "A Thoroughbred Tramp" in New York City recently a well dressed Chinaman dashed breathlessly into the stage door and interrogated the door keeper: "Were Hop Li? 'What Hop Li?' 'Hop Li in play.' 'In his dressing room, I suppose.' 'Were dressing room?' 'I'll show you.' Accordingly the Chinaman was shown into the dressing room of the actor who played the part of Hop Li, and as the door closed behind him and the actor who was sitting with his makeup and wardrobe still on him, minus his wig, faced the Celestial: "Were Hop Li?" the Chinaman inquired. "Right here!" was the reply. "No, no; no joke; were Hop Li?" "Right here, I'm telling you." "You no Hop Li, you Melican man!" The actor turned to his dressing table, and picking up his Chinese wig, faced the mirror and placed it on his head; then turning, he faced the Chinaman. John gazed at him speechlessly a moment, then seizing his hand let flow a string of Chinese that would have confused an expert interpreter. The actor let him babble on for a few minutes, then placing his hand on his head slowly removing his wig—the flow of language ceased; the Chinaman stood aghast. Slowly he backed out of the doorway, then stood a moment: "You, no Hop Li, you dam lie!" The door slammed and the Chinaman was gone.

Mrs. Clara Tapsfield, who had frequently been seen with Lewis Morrison in "Faust," in Paducah, died at Elizabeth Hospital, Chicago, on Aug. 18, from a stroke of paralysis which she suffered two weeks before.

Mrs. Tapsfield was compelled to give up her stage career in 1904, while appearing in Sweet Clover. She was best known in the role of Martha, in Lewis Morrison's Faust, a part she played for ten consecutive seasons.

HEATING PLANTS

THE I. C. IS TO PUT IN A FIRST CLASS ONE AT DEPOT.

Will Have it Ready for Use This Winter—Another in Wood-working Department.

The long-suffering public will be pleased to learn that the higher officials of the I. C. road at Chicago have authorized an improvement in the local system which will offer relief which has been sought since the I. C. passenger depot was built. The improvement is the installation of an improved heating plant in the passenger depot, which will heat the depot. Ever since the present plant was installed the depot has not been sufficiently heated and although much complaint had been made and action other than an attention to repair the pipes was taken.

Last winter the plant proved such a failure that after an inspection by an expert the road decided to consider putting in a new boiler and systems of larger pipes. The authority arrived this week and within the next two weeks the actual work will begin. It is said the improvement will entail an expense of \$1,500 and that only the best and most up-to-date material and devices will be used.

The I. C. will in a few days start on another heating improvement—that of installing a steam heating plant in the local wood working shops.

At present stoves are used and for fear that a fire might result and to give more room, the company decided to put in steam heat. The material is here and work will start in a few days.

The Week In Society.

When Summer Goes.

Sweet Summer, linger yet awhile
And let the world ring with your glee,
For, with your going, from my heart
One sweet ambition will depart
That never can return to me.

Sad Autumn, with your pensive smile,
When Nature's mantle rests on you
No breeze will blow without a sigh
For one sweet hope that had to die
As Summer bade the world adieu.

Sweet Summer, linger yet awhile
To spread your charms on slope and lea,
For with your going, when you go,
The gladdest days that I may know
Will be but memories to me.

The Buglers Blow Taps

On Encampment Tonight.

Tonight the Third regiment of the Kentucky State Guards will break camp and leave for their homes after a week of rest and enjoyment. The members of this regiment have been immensely popular here, and it is with much regret that Paducah people will see the last of the memorable encampment depart this evening.

For the past month, Wallace park has been the camping ground of many of Kentucky's sons, gallant, brave, boys, and men of prominence, politically and intellectually. The general brigade officers who have remained during the encampment, have been men of charming personality and their enjoyable parties at mess will go down in Paducah's social history as notable events worthy of mention. The Second and First regiments both the officers and men, were guests of honor at many social functions during their stay, and they in return delightfully entertained the town people, while the Third regiment, composed of boys from the "Pennyfryle," have been royally received.

The fascination of camp life has cast a spell that will not be easily shaken off and many pleasant friendships and acquaintances have been formed that will ever be a source of great pleasure.

Unique Entertainment.

Miss Helen Van Meter entertained her young friends in a very unique way Thursday evening with an advertisement party at the home of her parents, Mr. and Mrs. C. L. Van Meter, on Sixth and Kentucky avenue. The young folks were dressed to represent some of the best known advertisements and their costumes were most cleverly gotten up.

After a delightful evening of games and dancing, ices and cakes were served.

The out of town guests present were:

Miss Mary Clark and Miss Gena Clark, of Hopkinsville; Miss Hildah Newton and Master Alex Newton of Circleville, O. The children represented the advertisements as follows:

Luraine Sutherland, Mennen's Talcum Powder; Martha Cope, Baker's Chocolate; Ruth Hinkle, Egg-o-see; Charlotte Wheeler, Bon Ami; Laura Towns, Gold Medal Flour; Mildred Orme, Dr. Bell's Pine Tar Honey; Mary Wheeler, Shredded Wheat Biscuit; Mary B. Jennings, Lax-Fos; Elizabeth Terrell, Quaker Oats; Helen Van Meter, Armour's Veribest; James Wheeler, Zu-Zu Wafers; Fowler Post, Virginia Cherries; Irme Robb, Swift's Ham; Horace Terrell, Taffy To-Lu; John Campbell, Saturday Evening Post; Brooks Towns, Cream of Wheat.

Delightful Dinner for Officers.

One of the most delightful social events of the past week was the dinner given Thursday evening by Senator and Mrs. Wheeler Campbell at their home on Fountain avenue. Several officers of the Third regiment were the guests of honor at this charming dinner. The table appointments were most artistic, purple and white being the color scheme.

The centerpiece was a large cluster of purple and white astors prettily arranged in a crystal bowl.

The mints were also in these royal colors and the ices were done in bunches of purple grapes.

Covers were laid for twelve as

Fun in the Wood.

A number of our young people gave a gypsy tea Wednesday evening in honor of Miss Garvey, of Paducah, who is visiting friends in the city. The place selected was a beautiful grove about three miles from the city, and the hours were turned wild with fun and frolic. Never did Rosalind and her merry makers fill an evening with more fun. The young people had a royal good time and came back feeling happier and better. Those who made up the party were:

Paul Walker, Jeppa Harris, Milfred Hill, Miss Sue Garvey, of Paducah, Ed. Smith, Emma Harris, Jno. Wallis, Mary Byrn, Ed. Sills, Eunice Murray, Charlie Bates, Verna Caine, Herman Small, Myra Caine, Charlie Toler and Elsie Wallis.—Mayfield Monitor.

Mr. and Mrs. Rebout Entertain.

Mr. and Mrs. Lewis L. Rebout of West Monroe street, entertained very delightfully at dinner Tuesday evening in compliment to several officers of the Third regiment of which Mr. Rebout was a most popular member during the Spanish-American war. The table was appropriately and tastefully decorated in red and white. The centerpiece was red and white roses in a crystal vase. These attractive colors were carried out through the courses to the ices which were molded into glowing American beauties.

The guests were: Mrs. J. R. Walker, of Mississippi; Captain Henry Denhardt, of Bowling Green; Lieut. D. Y. Beckham, of New York; Capt. Carl Price, of Earlington, and Mr. Verner Cline, of Nashville.

Farewell Dance to the Soldiers.

The dance given Wednesday evening by the young society men complimentary to the Third regiment was a most enjoyable entertainment.

The Wallace park pavilion has been the scene of many delightful dances this summer and not among the least of these pleasant affairs was the dance of this week.

Music was furnished by the regimental band.

This was the last dance of a series given during the encampment.

Col. Henry and his staff came to the dance, escorted by the band and the bugler corps, and held a reception for a few minutes preceding the grand march.

Col. Henry Entertained by K. of P. Paducah Lodge, Knights of Pythias, gave a reception Thursday evening at the hall in the Campbell building in honor of Col. J. H. Henry, of the Third regiment.

Col. Henry is one of the most prominent Sir Knights in Kentucky and is past grand chancellor of Kentucky Pythians. The reception was a very enjoyable one.

The hours were from 8 until 10. A smoker followed the reception.

Informal Breakfast Given Guest.

Miss Marjorie Scott entertained with an informal 10 o'clock breakfast Wednesday morning at her home on North Ninth street.

Miss Elizabeth Gregory, of Louisville, the guest of Miss Scott, was the honoree of the pleasant affair. Covers were laid for fourteen and

SKULL CRUSHED

YOUNG MAN DANGEROUSLY IF NOT FATALITY HURT.

James Ferguson Hit by a Negro and His Brains Ooze Out—Negro Escapes.

James Ferguson, age 21, a young man from the county, is lying dangerously wounded at the home of his father on Ashbrook avenue, and may die, the result of an attack made on him by a negro alleged to be Larrisho Hannah.

The young man's father is fireman at the Sowell mill in Mechanicsburg and is ill and the boy came to town to take the position so that his father retain the job. The negro is employed at the mill to carry slabs to the furnace doors and began throwing them down on the young fireman yesterday afternoon about 4 o'clock.

The fireman grabbed a stick and started towards the negro to compel him to stop and the negro grabbed a piece of iron, dealt Ferguson a blow on the head and felled him. Next the negro grabbed a five foot iron hook used in turning lumber and while lying prostrate Ferguson received another injury on the head.

The negro escaped and has not been apprehended. Dr. Troutman was called to dress the injury and pronounces them very serious. Ferguson has been in a semi-conscious condition since the assault.

ON ALL CARS

CONDUCTORS WERE TODAY PLACED BY RAILWAY CO.

Bell Straps All Removed—System Becoming Metropolitan Very Rapidly.

The Paducah City Railway company today put conductors on all of its cars. It had had them on nearly all of them before, and today made it complete by putting a conductor on every car, about six additional ones being necessary to equip them. The company at the same time it put on conductors, took off all bell straps, as it will now be unnecessary for anyone to ring a bell to stop a car, a signal to the conductor being all that is necessary.

The improvement will doubtless be greatly appreciated by the public. The railway company is making its line first class in every respect, and the service now rendered is second to none in the state.

BOAT TURNED OVER.

Keeper of Club House Near Wickliffe Drowned.

J. C. Hill, keeper of the Club house on Prairie Lake for the Wickliffe Fishing club, was drowned in the lake early Sunday morning, says the Ballard Yeoman. He was in a boat with Tom Davenport running a trotline, and Davenport claims that Mr. Hill deliberately turned the boat over.

Coroner Enlow went up Sunday and held an inquest. The jury found that both men were intoxicated, and from the evidence adduced at the trial found that Hill came to his death by accidental drowning. It seems that in turning the boat over Hill got under it and was not able to

get out, while Davenport landed on top of the boat and remained until rescued. Deceased leaves a wife and several small children at the mercy of the world. Interment took place Monday in Cane Creek cemetery, the Fishing club bearing all expenses of the funeral.

Daily Thought.

"That which has been done no

wishes can undo."

WILL GIVE THE PEOPLE A

CHANCE.

The Republicans of Paducah and

McCracken county, will put out a

city and county ticket and have

candidates for the offices to be filled in

November. This decision was reached

at a meeting of the committees

held last night. The Republicans ex-

pect to nominate men who have the

confidence of the people, and who

will receive the support of all vot-

ers who desire an economical, busi-

nesslike administration in the city

and county. They have no axes to

grind and no favorites to play, and

will simply offer the voters a chance

to break away from the small cot-

terie of politicians who seem to have

been running affairs in both city

and county to suit themselves for

several years.

The campaign will likely be quiet.

Every intelligent man fully under-

stands existing conditions, and there

is little left to tell him that he does

pressed to the city of Toledo; that copies of these resolutions be sent to the president of the Municipal League, to the mayor of Toledo, the mayor of Chicago and to the leading newspapers of the country." Mayor Woodward is taking matters calmly. He admits drinking a good deal of beer, but says he was driven to it by the bad water at Toledo.

The city administration with its constant and costly mismanagement, has again deferred some of the work of reconstructing streets, the money for which has been on hand about a year. The next thing the taxpayers know the gang will be spending this money the people voted for street improvements for something else, and the people will awaken some fine day and find that they have to make up a big deficit by paying more taxes, as they had to do in the matter of money levied and collected for several years for interest on the defaulted over-the-river bonds. The city has no right to spend this bond money for anything except street reconstruction, but that is no sign it will not. It had no right to spend the interest, on the over-the-river bonds, but it did it just the same, and the taxpayers had to pay about \$18,000 of it over again.

Republicans and other good citizens who want to see Paducah grow and prosper, should come out and show their willingness to accept places on the republican tickets. They should announce their candidacy, and it will help a great deal in carrying the city and county in November. Let the republicans and others who want a good municipal government come out and say they want to run, and it will show the voters that they desire the office, and will get a great many votes that timidity and indifference will never land.

A St. Louis judge is even with his wife. She was a witness in his court, and insisted on telling so much that the judge, her husband, had to call her down. He did so by telling her that she talked too much, something that he had been itching to disclose for sometime, but was afraid without the authority of the law behind him. She recognized the prerogative of the court and subsided, but what she did when she got him at home within her own jurisdiction, deponent saith not.

Some of those who have opposed an inspection quarantine in Paducah are trying to cite the troubles of Cairo as an argument in favor of their position. No one in Paducah, so far as known, ever advocated a quarantine such as Cairo has. All we wanted here was an inspection. There you have to have a permit from the Cairo authorities before you can get in. You cannot get into Cairo on any kind of a health certificate.

Voters in Kentucky are to vote on a constitutional amendment in November, abolishing the Australian system of voting and going back to the antiquated viva voce system. The only object in wanting to drag Kentucky back in this manner is to enable the democratic machine to perpetuate its rule in the state. Mr. Bryan says the secret ballot is the laboring man's greatest friend.

"Public sentiment has put away the saloon, and stopped whiskey selling nearly all over the state of Kentucky," says the Mayfield Messenger. Very good, but what about those three beer houses near Mayfield, and the "blind tigers" in Mayfield?

Mr. Scott is one of the most popular young men in the city and his rapid rise and success in the commercial world is very gratifying to his friends.

Banks May Close at 2 p. m.

There is a movement on foot in banking circles to close the banks at 2 o'clock instead of 3, as at present. The volume of business done by the banks has assumed such proportions that it is hard to get all the detail work up in reasonable time. In all the larger cities, the time of closing is 2, and in Lexington, Covington and other Kentucky cities doing no more business than Paducah the banks close at 2, and it is hoped the arrangement can be made in Paducah, at least for the winter months.

The District Revenue Collections.

The revenue collections for the second district including Paducah, for the month of August, shows a substantial increase over the corresponding month of last year. The total collections were \$134,833.68. The various items are as follows:

Big Tobacco Contract.

Says the Mayfield Messenger: Gardner & Walker, a well known tobacco firm at this place, has been awarded the contract by the Regie tobacco people to put up another purchase of tobacco at this place. These gentlemen put up 2,800 hogheads, or about 4,500,000 pounds this year for the Italian representatives and will probably increase their business out of the 1905 crop. It is believed this firm will pay liberal prices for tobacco when the season opens.

LABOR DAY

EVERYBODY WILL ENJOY THE ANNIVERSARY—PARADE.

A Number of People From Other Places Expected—Crowd Will Be Large.

Everything is in readiness for Labor day, which will be celebrated in the usual way in Paducah. There will be a big street parade in the forenoon, and the main celebration will be at Wallace park, where there are to be many attractions for the pleasure seeker.

Labor day is a general holiday, and the banks and postoffice will be closed and nearly every manufactory in the city suspended for the day.

At the park there will be theatrical performances, athletic contests and dancing, and it is likely that while the out of town crowd will not be as large as usual, the home people will turn out in larger numbers than ever before.

Everything points to one of the largest and most successful labor day celebrations in the city's history.

HAS DAUGHTER HERE.

Mrs. E. J. Thomas Died in Mayfield Last Night.

Mayfield, Ky., Sept. 2.—Mrs. Elizabeth J. Thomas, wife of Col. Smith Thomas, died at 10:40 last night at the age of seventy-four. She was mother of Hon. J. S. Thomas, of Frankfort, and Dr. E. G. Thomas, of Benton.

Mrs. Thomas had been in feeble health for sometime, but recently slipped and fell, fracturing a thigh and it was then believed that her injuries on account of her age and condition would prove fatal.

Mrs. Thomas was also mother of Mrs. Charles Brower, of Paducah, and of Mrs. Charles Legg, formerly Miss Mert Thomas, frequently a visitor in Paducah.

ONLY A CANARD.

Report That Mack Bailey Was Drowned Is Untrue.

It has been reported today all over the city that Mack Bailey the well known drummer, was drowned last night up Tennessee river by a skiff turning over.

Mr. Duff Grouse, manager of the Kentucky Glass and Queensware Co., for which Mr. Bailey travels, traced the report back to a joke.

City Clerk Henry Bailey, brother of the drummer, received a long distance telephone message this afternoon from Savannah, Tenn., near which place the drowning was reported to have taken place, saying that there was no truth in it.

MUCH STOLEN

From the Greek Who Has a Stand at the Park.

The Greek who conducts the confectionery and eating stand on the Broadway road near the park entrance, was robbed last night of about \$10 worth of his stock.

He claims that all the "pale ale" he had was taken a case of lemons, all of his cigars, about six dollars in cash and some canned goods. He thought some of the soldiers were guilty and Gen. Haly has had Detectives Moore and Baker at work on the case but the guilty parties have not been run down.

For three days guards have been stationed around the Greek's place to keep soldiers from patronizing him because he sold "pale ale," which Gen. Haly considered nothing more than beer.

Mr. Meyer Cohen, of the Fliske Stock company, is well pleased with the moving pictures he took here. The dress parade yesterday, he says, is one of the finest films he ever saw. He was unable to get the last guard mount today on account of the darkness, but hopes to take the closing scenes at Camp Yeiser this afternoon.

He will take the labor day parade and celebration and other local scenes, and will exhibit them not only here, but all over the country, later on. Many picture machines have been here in past two years, but these are the first moving pictures ever made in Paducah.

ENCAMPMENT NOTES

Capt. Ed C. Walker, of company B, Henderson, is officer of the day, and Lieut. Hope Gates, of company C, Owensboro, officer of the guard.

Col. Noel Gaines, Col. Harry Tandy, Major Howard Gaines and Sergeant D. B. Hancock will remain until Monday to check up all accounts and get the bills to take to Frankfort.

The salaries paid out here amounted to about \$14,000 and the provisions will run this sum to fully \$21,000, estimated, nearly all of which has been spent in Paducah.

Last night the local tribe of Red Men gave a smoker in honor of the Red Men in the Third regiment. It was a very delightful affair.

Capt. Mervin Parrent leaves tonight for Russellville. He expects to be there sometime as the trials of the other two men charged with criminal assault will probably commence early next week. He is quartermaster and commissary for the soldiers stationed there.

Sergeant Rule, of the Mayfield company, was tried by a general court martial this morning on the charge of using abusive language to a superior officer. Attorney Albin Barkley was official stenographer. This was the first general court martial held during the encampment. For the offense the accused can be deprived of his citizenship, if he is dishonorably discharged, fined and imprisoned. The verdict will not be rendered for several days.

ARREST PADUCAHAN

HEALTH CERTIFICATES FROM PADUCAH NOT HONORED IN CAIRO.

The Only Way to Get in is by Getting a Permit from Cairo in Advance.

Mr. A. H. McCarthy, a well-known locomotive engineer went to Cairo, Ill., last night equipped with a health certificate and affidavit from Paducah. He was arrested upon presenting it, and kept in a box car until the next train started for Paducah. The health certificate was signed by Health Officer Graves. Mr. McCarthy was told that the only way he could get into Cairo was by telephoning or telegraphing there for a permit.

"Well, I'm here, just give me the permit," said Mr. McCarthy, "and let me in. I did what I was informed was the proper thing."

"No, you have to go back," he was told, and he did.

He brought back a letter from Dr. Palmer, which stated that no one had authority to announce that any health certificates whatever from Paducah would be recognized in Cairo. It said that there was only one way to get into Cairo, and that was by obtaining a permit first. The letter says plainly that Paducah health certificates would not be recognized there.

Cairo, it seems is making the quarantine tighter. The Bulletin of today says:

Yesterday afternoon at a meeting of the city board of health, plans for drafting an ordinance, which will fix a penalty for any violations of the quarantine law were made.

The members of the board and the mayor expressed themselves in hearty accord with the manner in which Dr. George Thomas Palmer, acting secretary of the state and his health officers had been enforcing the quarantine.

Steps will be taken, it is understood, to regulate the quarantine in some respects and arrange matters so that responsible persons may gain entrance to the city upon the identification of some representative business man of Cairo. The final action on this matter, however, will be decided later.

Rudy, Phillips & Co. will close at noon Monday.

"One of the most unusual and exceedingly amusing experiences I've had since I bought my machine" a prominent local automobilist declared, "occurred Sunday when the club made a run to Benton, Murray and Mayfield. It illustrates the burning desire to satisfy curiosity, and I think I shall remember it as long as I live.

"We were bowling along at a pretty lively clip, my machine in the lead. We were half a mile or more ahead of the party and on rounding a curve espied an aged negro as black as the ace of spades driving a big black mule.

"Now we could see in an instant that the mule did not like the look of our machine, and as soon as his driver saw us coming he jumped to the ground, grabbed hold of the reins and with a wave of her arm bade us come ahead. We realized that she was 'up against it' and did not want to frighten her mule any more than we could help. Slowing down we carefully approached the animal. He gave a snort or two and leaped high into the air, carrying the negro with him. The old mammy held tightly, however, and what appeared strange to us was that she was actually smiling.

"We knew from past experience that ninety-nine out of a hundred people when their horses or mules get frightened at an automobile, be come fighting mad, but here was one, and a woman, who was laughing--ticked to death over it. So we decided to see about it.

"'Fo' Lawd's sake,' she exclaimed as we approached her, 'dis am de first time I ever seed dem things and I shore am glad yo' came ma way. I've allus wanted to see one ob der things, and now I've done it. Mister Gentlemen, I shore am glad yo' cum dis way,' and with that she climbed into her wagon and drove on.

"Generally country people have an aversion to automobilists, and do everything possible to hinder them from going through the country, but this old negro was so pleased at seeing one that she did not care if it did frighten her mule and drag her several hundred feet."

Several fans were seated in The Palmer lobby discussing baseball when the question of what is necessary or essential to make a good ball player came up.

Some said that ball players were born, while others suggested constant practice, but one "old head" who had gone the ropes stated it was all bosh.

"What is absolutely necessary to make a good ball player is one thing--the total absence of fear of the ball. If a player is afraid of the ball, no matter how fast on his feet he is, he will never amount to much in league company and will always be a fumbler and a draw-back to the team he plays with," he declared.

"Now I have seen some of the most promising ball players get struck in the face by a bad bound of the ball and after that they could not pick them up and had to get out of the game. They became afraid of the sphere, which ended their ball days. Sometimes a man gets over it, but he still will feel a little nervous and uncertain when he sees a hot one coming down at him.

"The best ball players are developed from people who do not seem to care for the balls striking them. You take Grover Land, Paducah's catcher, and in him you see a mar

hard to beat behind the bat--that is as far as catching the ball and throwing it is concerned. I have seen that boy stop balls on the infield while practicing as an infielder which I in my better days would not have tackled. He is not afraid of the ball. The best infielders of the big league are of this type. You can't develop a good player in a man who is afraid of the ball, he will not take the chance and the result is a passed ball or fumble from nervousness.

"Some ball players seem to hit out

from the start and get into fast company. This is because they suddenly become "broken in" to the ball and get confidence. After a few successful stops when the ball bounds nicely into their hands, they learn to judge it, thinking nothing of the possibility of the ball taking a bad bound, and in time they soon see nothing but a successful stop and when the ball does get by them it is as great a surprise to them as to the spectators.
